

Créée en 1937, la **Trans-Canada Air Lines** renommée **Air Canada** en 1964 était la compagnie nationale canadienne, jusqu'à sa privatisation en 1989. En 1945 des DC3 militaires (sans doute Dakota) furent mis en vente et la compagnie en acheta 30 pour les lignes intérieures longeant la frontière avec les USA.

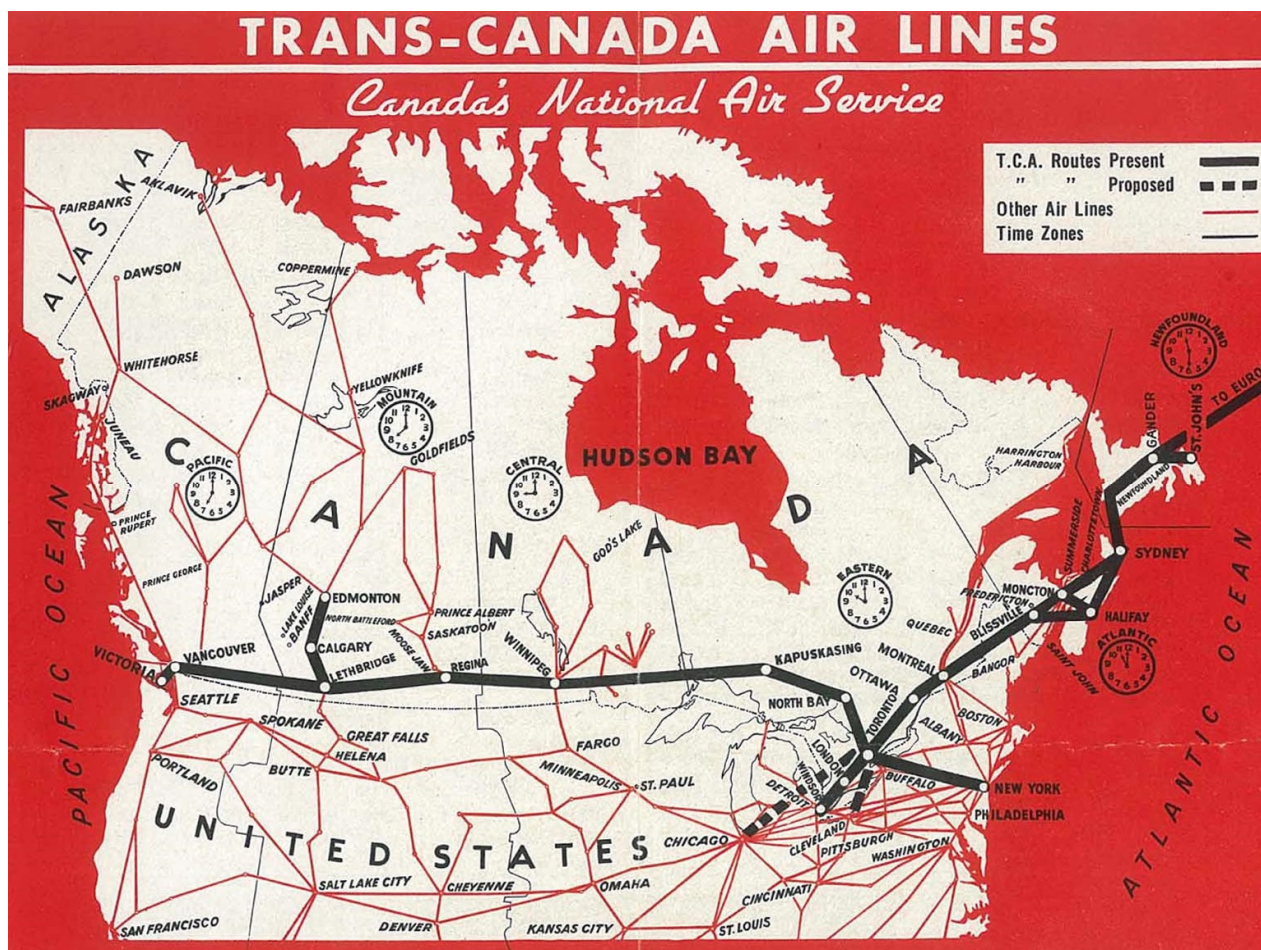

Appareil conseillé : Douglas DC3 <http://www.dc3airways.com/>

TRANS-CONTINENTAL

Flights Daily

The addition of a 4th trans-continental flight provides a one-third increase in passenger accommodation and greater capacity for air mail and air express — a further step in TCA's expansion programme.
